## COMPANY PROFILE

Name:	Aadeshwar Metal Corporation
Group	
Establishment:	1981
Location:	115, High Tech Ind Centre, Caves Road, Jogeshwari East, Mumbai - 400060 INDIA.
Factory:	354-1, G.I.D.C, Shanker Tekri, Jamnagar 361 004, Gujarat, India
Legal Status:	Partnership Firm
Present Business	
Scope:	Manufacturer & Exporter of Brass and Metal Components
Key Persons:	Mr. Vijal Karania (Managing Partner) Mr. Ankur Chheda (Managing Partner)
Specialization:	Precision Turned & Machined Components Exclusively in Brass & Other Metal Alloys
Key Operating Machines:	Bar Turning CNC Automatic Lathe Automatic Bar Turning Trobe Type Lathe Machines Multi Station Rotary Disc Transfer Indexing Machines for Secondary Operation Vibratory Finishing Machine
Testing Equipments:	Digital Vernier Caliper Micro Meter Profile Projector Torque Testing Machine Pin Guages Ring & Plug Guages for various Threads Degree Projector Spectro Meter
Product Compliance:	
Export Turnover:	100% of Annual Turnover
Industries Served:	- Electrical Distributions Equipments - Automobiles - Tele Communications - Utility Meters - Engineering Plastic Molding - Electronic Circuit Hardware - Sanitary Fittings
Exporting Countries:	United Kingdom, Germany, France, Spain, Poland, Switzerland, Italy, Saudi Arabia, United Arab Emirates, Kuwait, Oman, Jordan, Russia, Australia, New Zealand, Singapore, Malaysia, South Africa etc.
Membership:	Engineering Export Promotion Council of India (EEPC)
Bankers:	ICICI Bank Ltd.
Email:	info@aadeshwarmetal.com
Website:	www.aadeshwarmetal.com
Contact:	+91 22 2617 3151
Vision:	To be Numero uno in global business of Brass and Metal Components To be a dominant player in Brass and Metal Components
Mission:	To be customer centric, market focused and process centered industry that relentlessly pursues innovation and strives to reflect premier quality while adhering to fair business practices.

# INTRODUCTION

We **AADESHWAR METAL CORPORATION** are glad to produce world class products which exceed your expectation through the use of innovative technologies and continuous improvements with the experience of more than 35 years. Having Registered-office in Mumbai, India, Aadeshwar Metal Corporation will also have an opportunity to source different products other than their main line of business.

The company will fully utilise its resources to supply products to the varied demand of Quality conscious buyers. And, in doing so, the company will make all efforts to see the Buyers have an advantage of Value-for-Money product.

## **Our Service**

**AADESHWAR METAL CORPORATION** is a professional custom precision metal parts manufacturer specializing in a high volume, low cost source of gauge metal stamping to serve requirements of Electrical & Sanitary work. Our products are essential to today's life and every fast growing country.

## **Quality Commitment**

Dealing with us will lead you to the positive atmosphere through amazing design, superior quality & cost effective products.

## **Trade Commitment**

We will satisfy your needs with systematic management, punctual delivery and will build a trust worthy relationship.

## BRASS FEMALE INSERTS FOR PP-R FITTINGS

We have a very wide range of PP-R Female Fittings in different Threads, Types and Sizes. These fittings are suitable for most of the applicable PP-R Pipes. These are manufactured under strict quality control and can be manufactured as per customer's requirements.

**Threads:** ISO Metric (MM Thread), BA, BSW, BSP & BSPT, NPT, UNC, UNEF

**Size:** ½" ¾" 1 1¼" 1½" 2" upto 4"

**Finish:** Natural, Nickel, Chrome, Tin Plating or any other coating as per customer's requirements.

## BRASS MALE INSERTS FOR PP-R FITTINGS

We have a very wide range of PP-R Male Fittings in different Threads, Types and Sizes. These fittings are suitable for most of the applicable PP-R Pipes. These are manufactured under strict quality control and can be manufactured as per customer's requirements.

**Threads:** ISO Metric (MM Thread), BA, BSW, BSP & BSPT, NPT, UNC, UNEF

**Size:** ½" ¾" 1 1¼" 1½" 2" upto 4"

**Finish:** Natural, Nickel, Chrome, Tin Plating or any other coating as per customer's requirements.

## BRASS FEMALE INSERTS FOR CPVC FITTINGS

We have a very wide range of CPVC Female Fittings in different Threads, Types and Sizes. These fittings are suitable for most of the applicable CPVC Pipes. These are manufactured under strict quality control and can be manufactured as per customer's requirements.

**Threads:** ISO Metric (MM Thread), BA, BSW, BSP & BSPT, NPT, UNC, UNEF

**Size:** 1/2" 3/4" 1 1/4" 1 1/2" 2" upto 4"

**Finish:** Natural, Nickel, Chrome, Tin Plating or any other coating as per customer's requirements.

## BRASS MALE INSERTS FOR CPVC FITTINGS

We have a very wide range of CPVC Male Fittings in different Threads, Types and Sizes. These fittings are suitable for most of the applicable CPVC Pipes. These are manufactured under strict quality control and can be manufactured as per customer's requirements.

**Threads:** ISO Metric (MM Thread), BA, BSW, BSP & BSPT, NPT, UNC, UNEF

**Size:** 1/2" 3/4" 1 1/4" 1 1/2" 2" upto 4"

**Finish:** Natural, Nickel, Chrome, Tin Plating or any other coating as per customer's requirements.

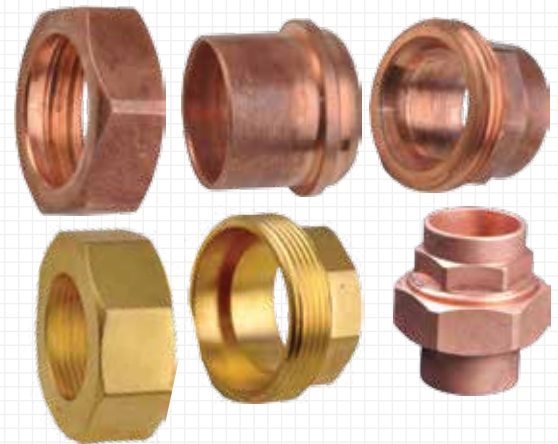

## BRASS UPVC FITTINGS

We have a very wide range of UPVC Fittings in different Threads, Types and Sizes. These fittings are suitable for most of the applicable UPVC Pipes. These are manufactured under strict quality control and can be manufactured as per customer's requirements.

**Threads:** ISO Metric (MM Thread), BA, BSW, BSP & BSPT, NPT, UNC, UNEF

**Size:** 1/2" 3/4" 1 1/4" 1 1/2" 2" upto 4"

**Finish:** Natural, Copper or any other coating as per customer's requirements.

## BRASS TANK CONNECTORS

We manufactured Brass Tank Connector with following specifications.

**Thread:** ISO Metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF, etc or any other threads as per customer's design.

**Size:** 1/2" 3/4" 1 1/4" 1 1/2" 2" upto 4"

**Material:** Brass & Rubber washer.

**Finish:** Natural Brass or any other coating as per customer's requirements.

## RUBBER WASHER / GASKET

We offer wide range of Rubber Washer / Gasket. Made of Silicon, Viton, EPDM etc. We also develop as per specific customer requirements as well.

Temperature Resistance from -80 to +250 degree c.

Washer / Gasket available with Collar & without Collar.

Size from 1mm upto 100mm ID.

Silicon washer / Gasket available with white Food Grade.

Available in different colours White, Red, Black, Blue & Transparent.

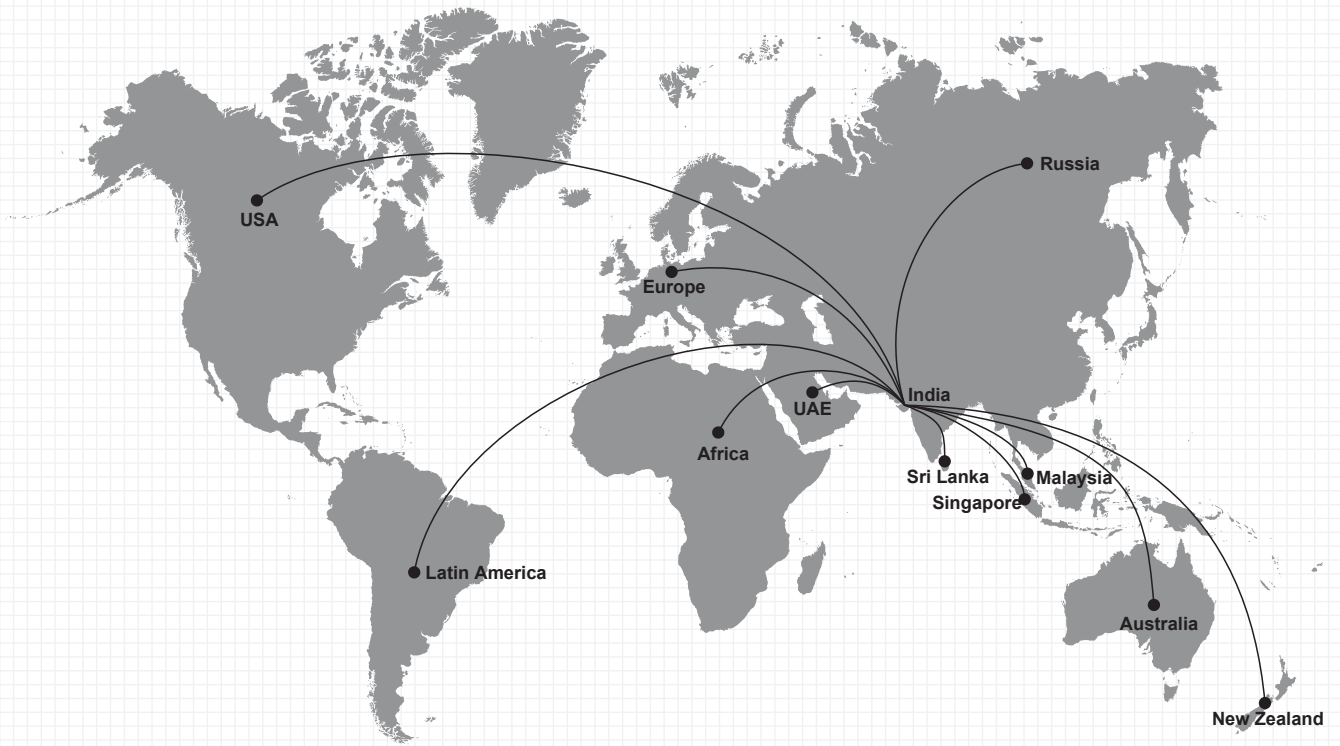

Industrial pipe fittings, fluid pipe fittings and gas pipe fittings ensure safe and sure delivery of gases and fluids to their destination. We manufacture industrial gas and fluid pipe fittings with high quality materials to ensure no leakage from the connectors or joints. They are very reliable heavy tools that take care of not only the delivery of gases and fluids but also safety and security of the operators. They range from nozzle sprayers, burner heads, gas sprayers, fluid sprinklers etc...

We offer over 120 pipe fitting products in 19 different series. Straight adapters are available in male to male, male to female, and female to female configurations. Fitting shapes are available in elbow, tee and cross configurations. Brass Pipe Fittings are manufactured for low pressure line connection work.

**Material:** Free cutting brass IS 319 type (I) or 249 type (I) in accordance with RoHS standard or any special brass material composition as per customer requirements.

**Threads:** NPSM to NPTF, NPTF dry seal and UNF to NPTF.

**Finish:** Industrial, fluid and gas pipe fittings are finished in their natural materials. However, they can be coated or plated with Nickel and SS.
